Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Sunday 20 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Largely dry overnight but with widespread cloud.

This Evening and Tonight:
Cloud remains widespread overnight, but it will be staying dry for most. However, southern areas may see some patchy outbreaks of rain at times through the evening. Minimum temperature 10 deg C (50 deg F).

Monday:
After a dry start, patchy light rain will move into southeastern areas through the day; northwestern will stay largely dry throughout. Patchy cloud throughout and feeling cooler than Sunday. Maximum temperature 17 deg C (63 deg F).

Outlook for Tuesday to Thursday:
Drier on Tuesday, with clearer skies and some sunny spells. Cloudier Wednesday but remaining dry and bright. Thursday likely to see some light rain. Cool mornings but becoming warmer throughout.
